REAL ESTATE. LONG ISLAND

An Agreeable Climate When it's hot in New York City people flock to

Long Island's rolling hills and the seashore, where the temperature is at least ten degrees cooler. Do you know that in winter the temperature on Long Island is ten degrees warmer than in New

York City? Doctors are recommending Long Island to their patients, as this region is noted for its freedom from miasmatic influences, and distinguished by its ozone-charged air, rich in balsamic odors, and suggestive of life, health and good spirits—utterly free from depressing humidity.

LIVE ON LONG ISLAND and enjoy this healthful and delightful climate.
